DETAILED ACTION

Response to Amendment

1. This office action is in response to the response to the election requirement filed on December 4, 2003 in which applicant elects group A.

Election/Restrictions

2. Applicant's election without traverse of Group A in Paper No. 12 is acknowledged.

3. Claims 21-24, 29-33, and 44-46, Group B, are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 12.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-20, 25-28, and 34-43 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Takeuchi et al. (JP 09-108431).

Takeuchi et al. discloses an island of gaming machines wherein lucky mechanical characters are provided on the top of the island to congratulate winning players and to get other players and other potential players attention to the island of gaming machines. Furthermore, the lucky characters can be made to dance simultaneously or separately to generate sound, light, etc.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
